Cedar Door

Timber Garage Doors...Natural by Design

Cedar Door, based in Derbyshire, have been making solid timber garage doors for over 20 years. They produce numerous styles of door complementing properties of all types, both new and old.

All doors are made-to-measure at no extra cost. The up and over Cedar Doors are available from 6ft to 18ft in width and the side hinged from 6ft to 10ft in width. Most doors are retractable, but canopy mechanism is available on doors up to 8ft wide.

All Cedar Door products are manufactured from the highest quality Western Red Cedar, which is attractive, strong, light and naturally rot resistant - the ideal timber for a garage door.

Solid Cedar frames are also available from Cedar Door.

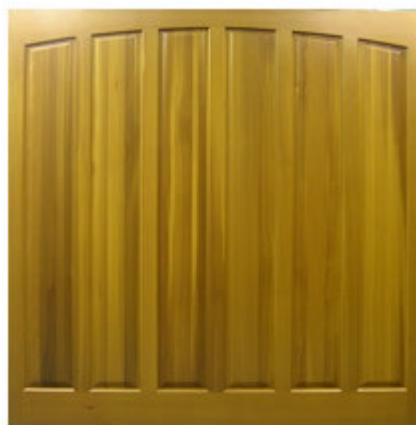

All the cedarwood used by Cedar Door is from sustainable forests. Cedar Door is a family run business, which has grown dramatically in the past 5 years. They manufacture all the Hormann timber garage doors for Hormann in the U.K.

Cedar Door have various distinct ranges;

1. Traditional Boarded and Traditional Solid Panelled - Traditional morticed and tenoned solid cedar frame into which is bonded either tongue and grooved cedar boarding or 20mm thick solid cedar panelling. Certain models in this range are available with an inbuilt wicket door.

Bakewell With Wicket Door

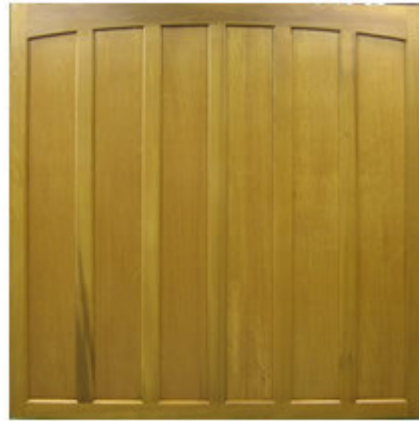

Duffield Door

2. Traditional Panelled - Again, a solid morticed and tenoned frame, infilled with 9mm plywood panels.

Wingfield Door

Glossop Door

3. Traditional Side Hinged - Cedar Door is one of the very few garage door manufacturers who produce a very high quality made-to-measure side hinged range of garage doors. Available from 6ft to 10ft in width. Come complete with a choice of ironmongery.

Middleton Side Hinged Door

Wessington Side Hinged Door

4. Sherwood Range - These doors are constructed from a black powder-coated aluminium boundary frame with steel bracings to reinforce the panel, making it strong and stable. An economical way to buy a timber door. A fine, black, metal edge is visible around the edge of the door, when viewed from the front.
